Welcome

Mark Nelson
Radiant Energy Group

Berlin

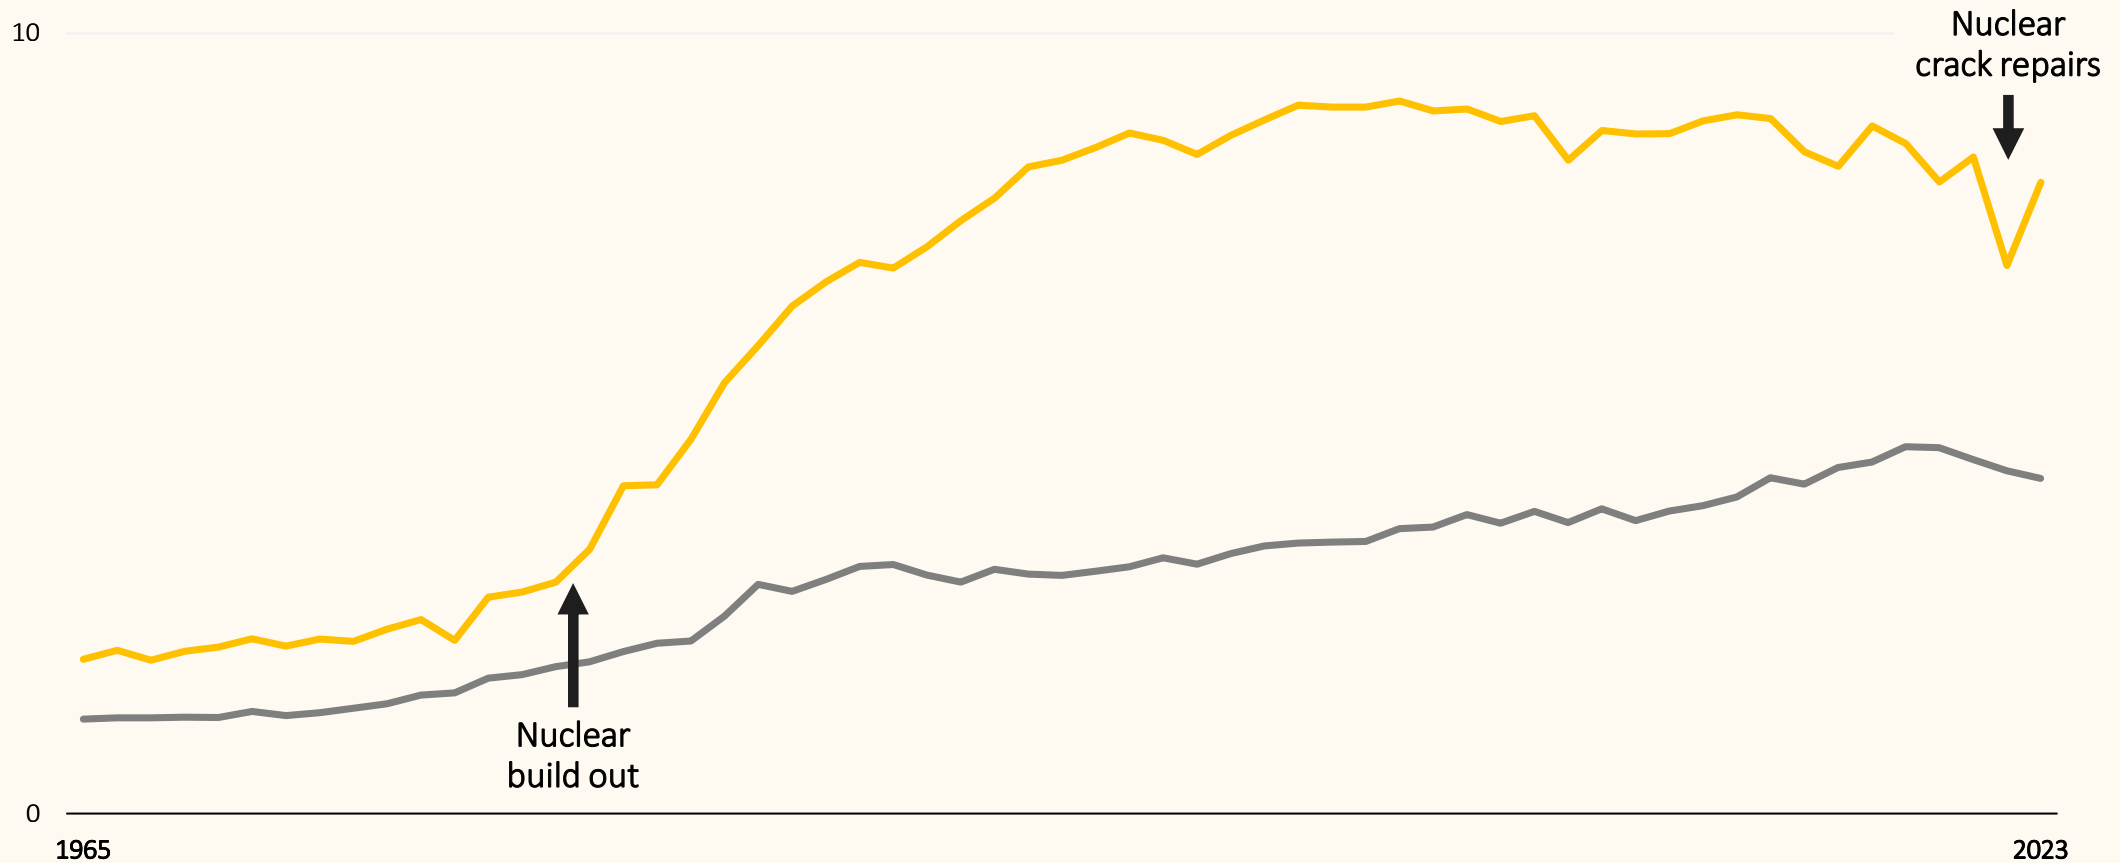

Opening: Why are we here?

Mark Nelson

Germany needs more clean energy

France shows what's possible with nuclear

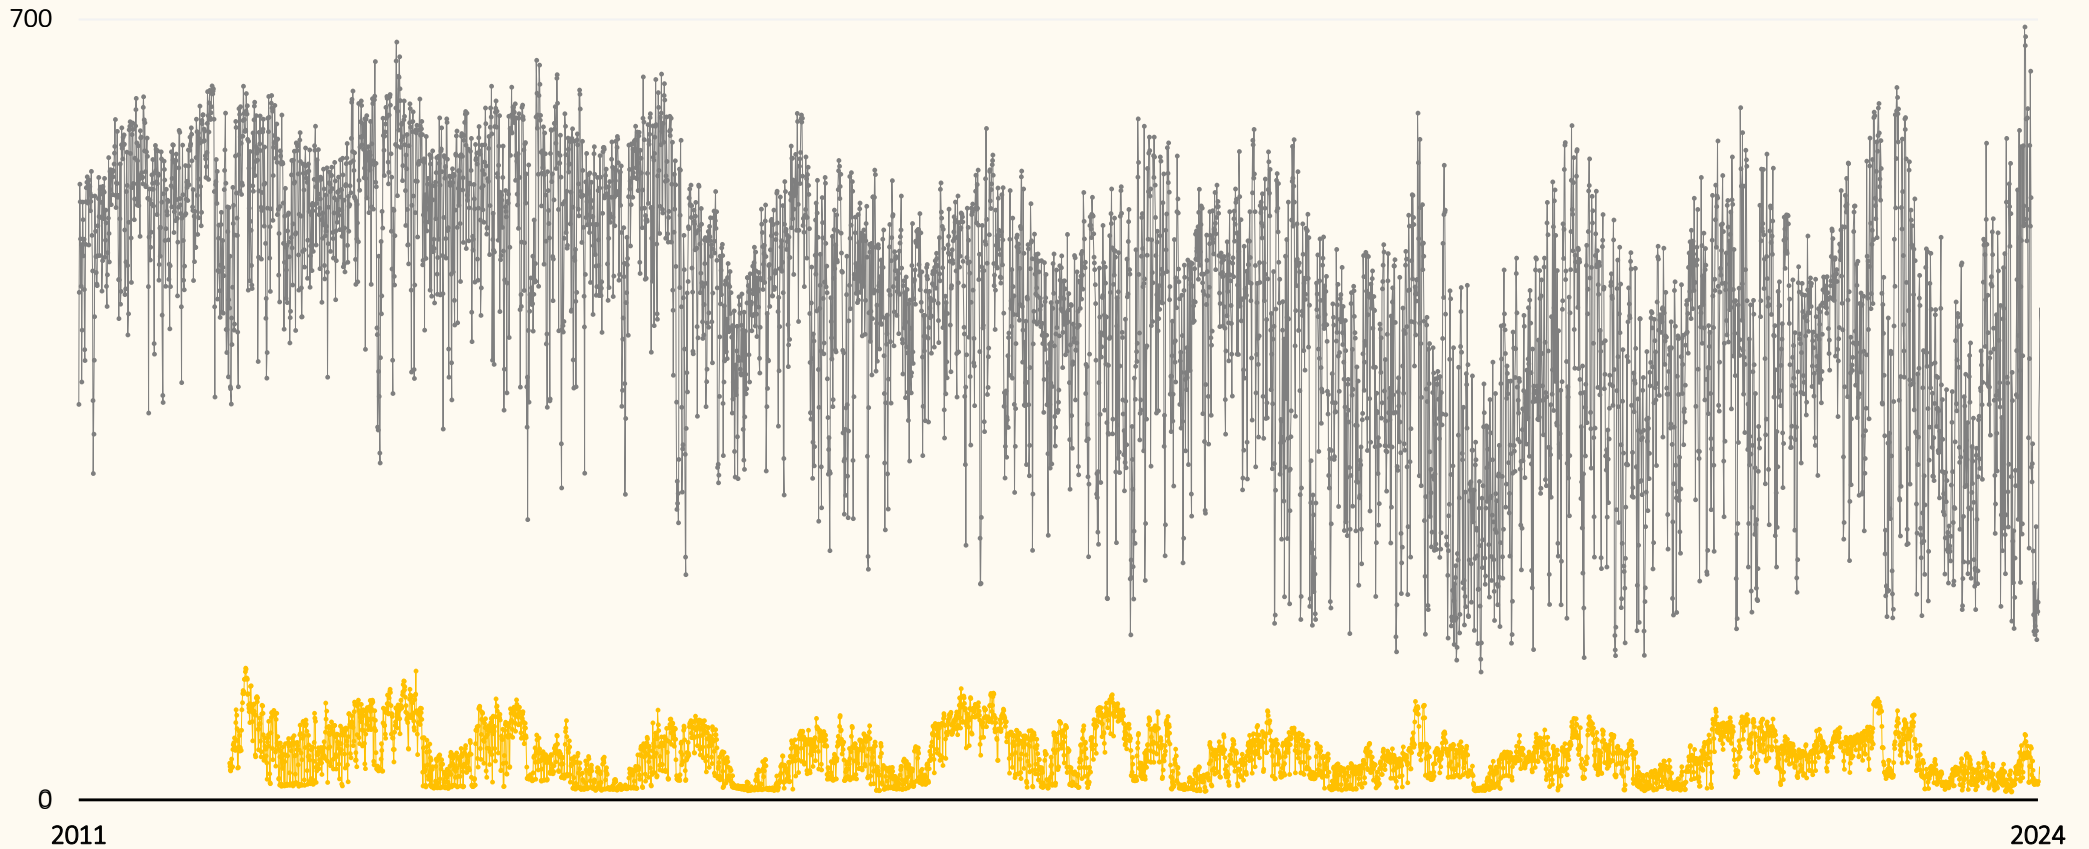

Annual clean electricity generation per capita, MWh/person

Germany needs clean and reliable energy

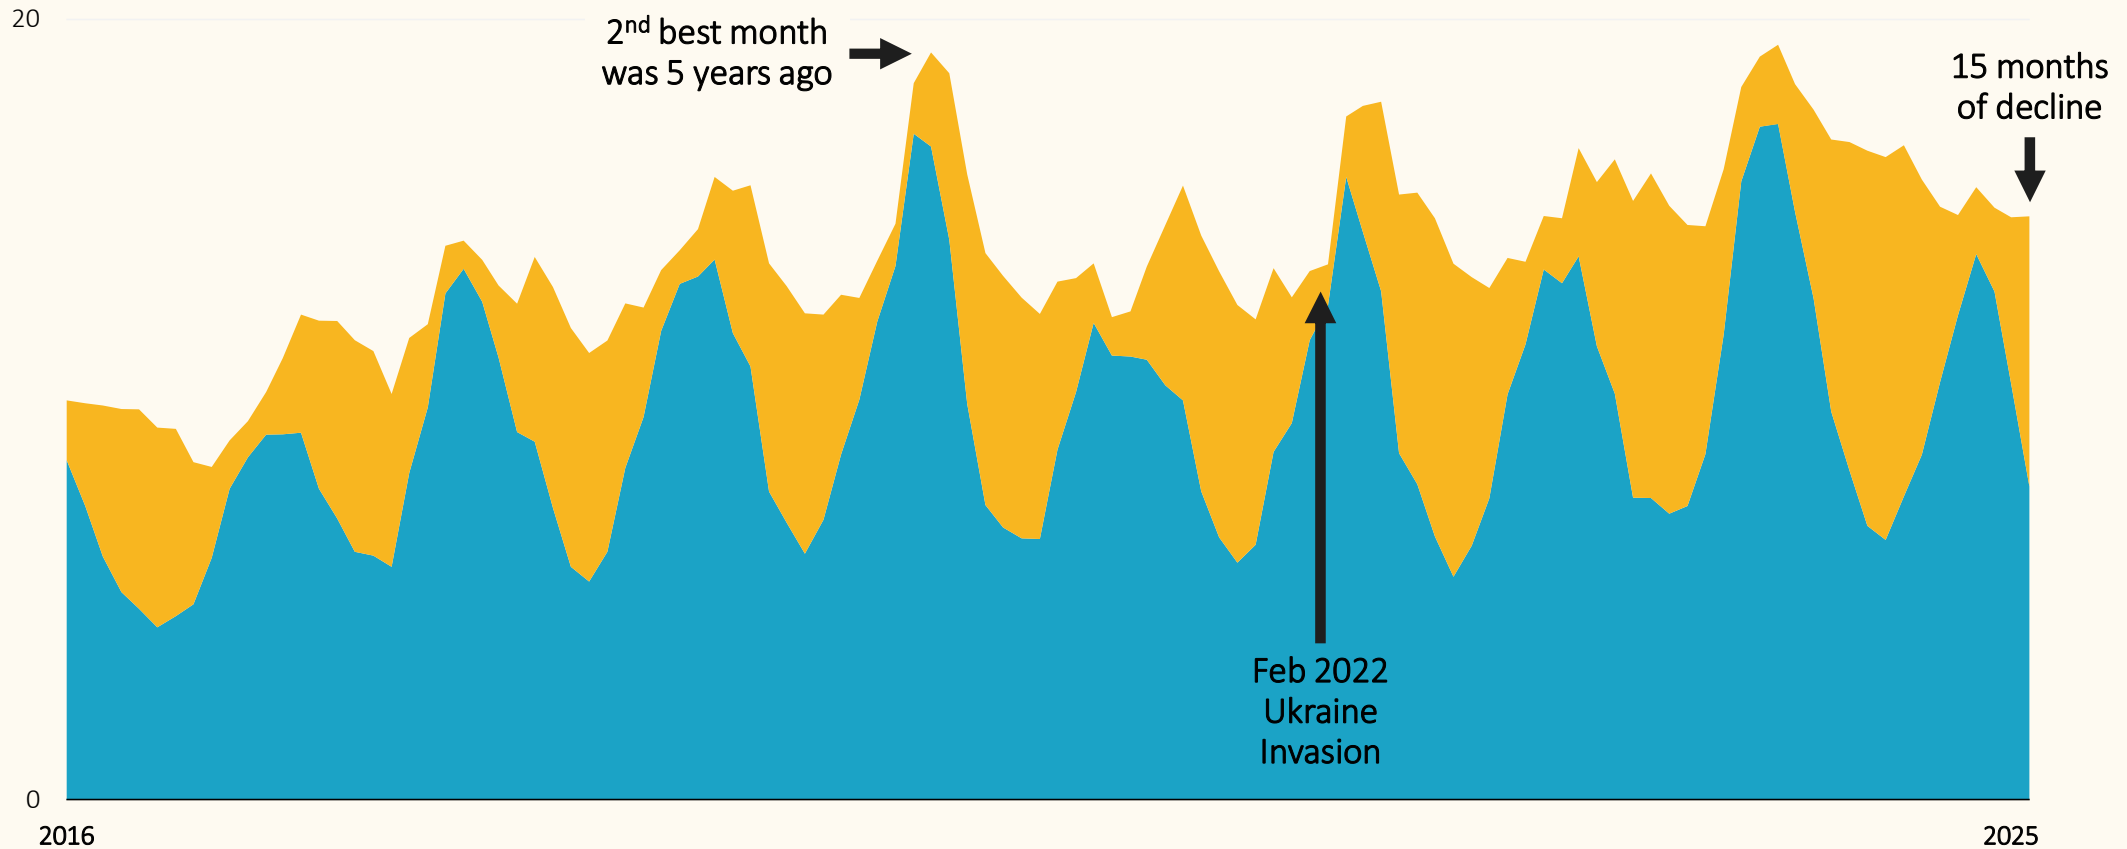

France shows what's possible with nuclear

Daily carbon intensity of electricity generated, g CO₂/kWh

Germany needs energy security – wind and solar aren't providing it

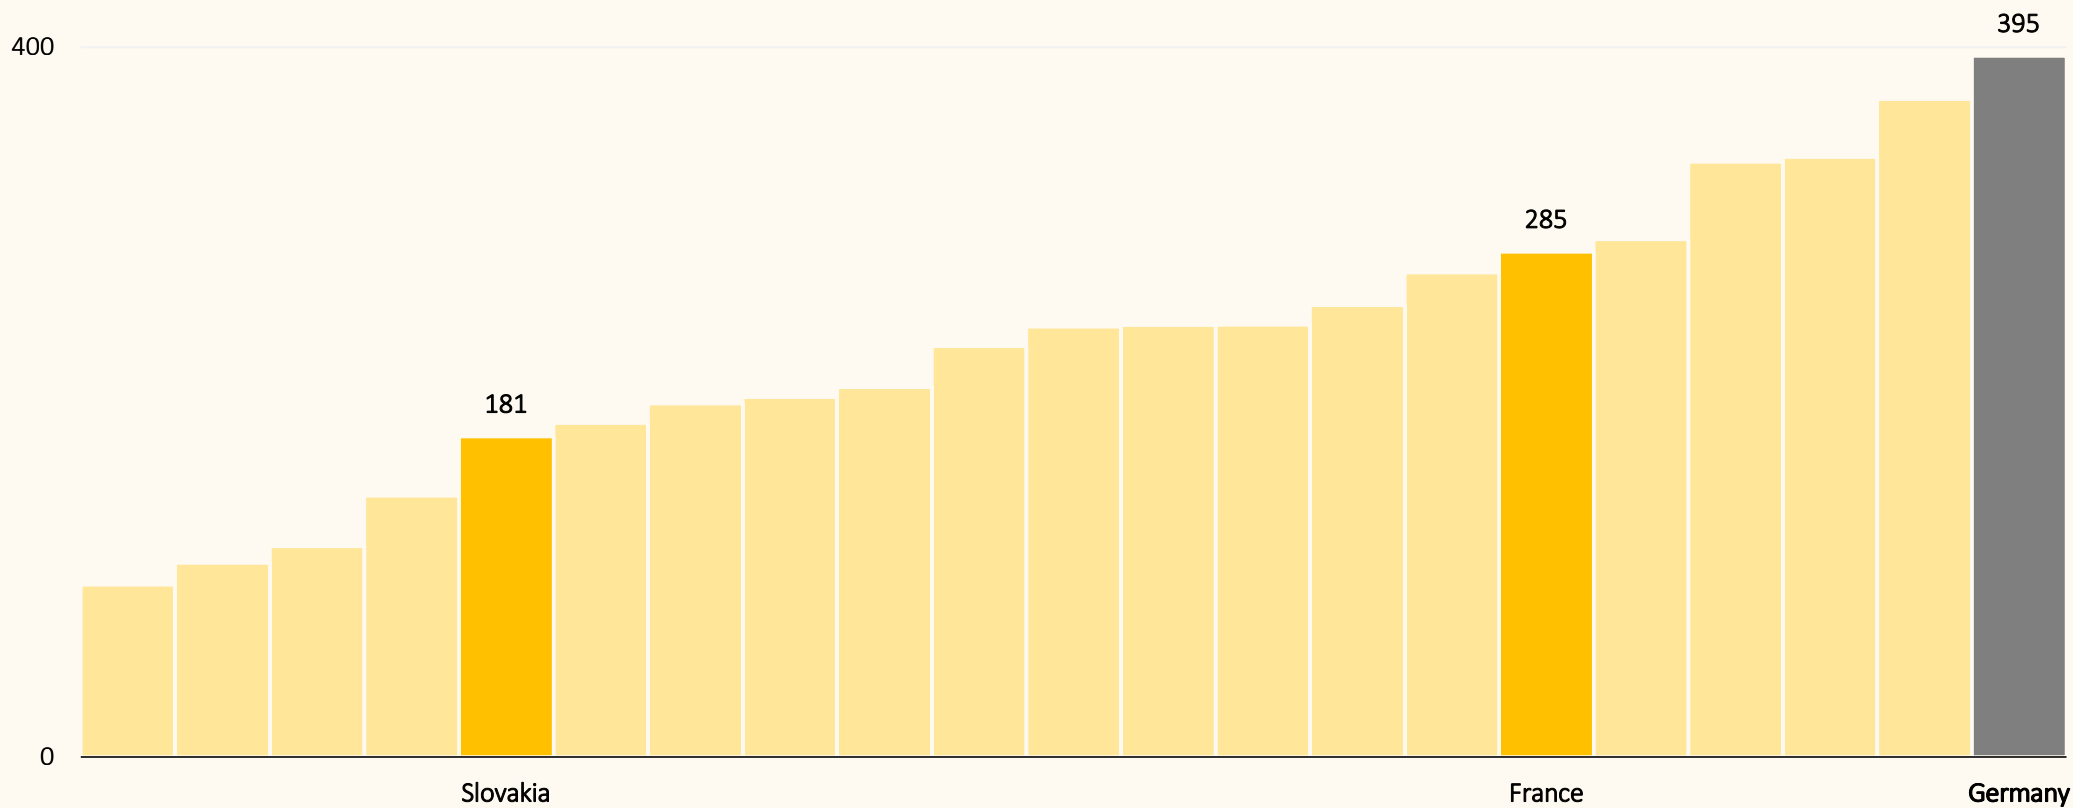

Germany's monthly generation, rolling three-month average, GW

Germany needs lower-cost energy France and Slovakia show what's possible with nuclear

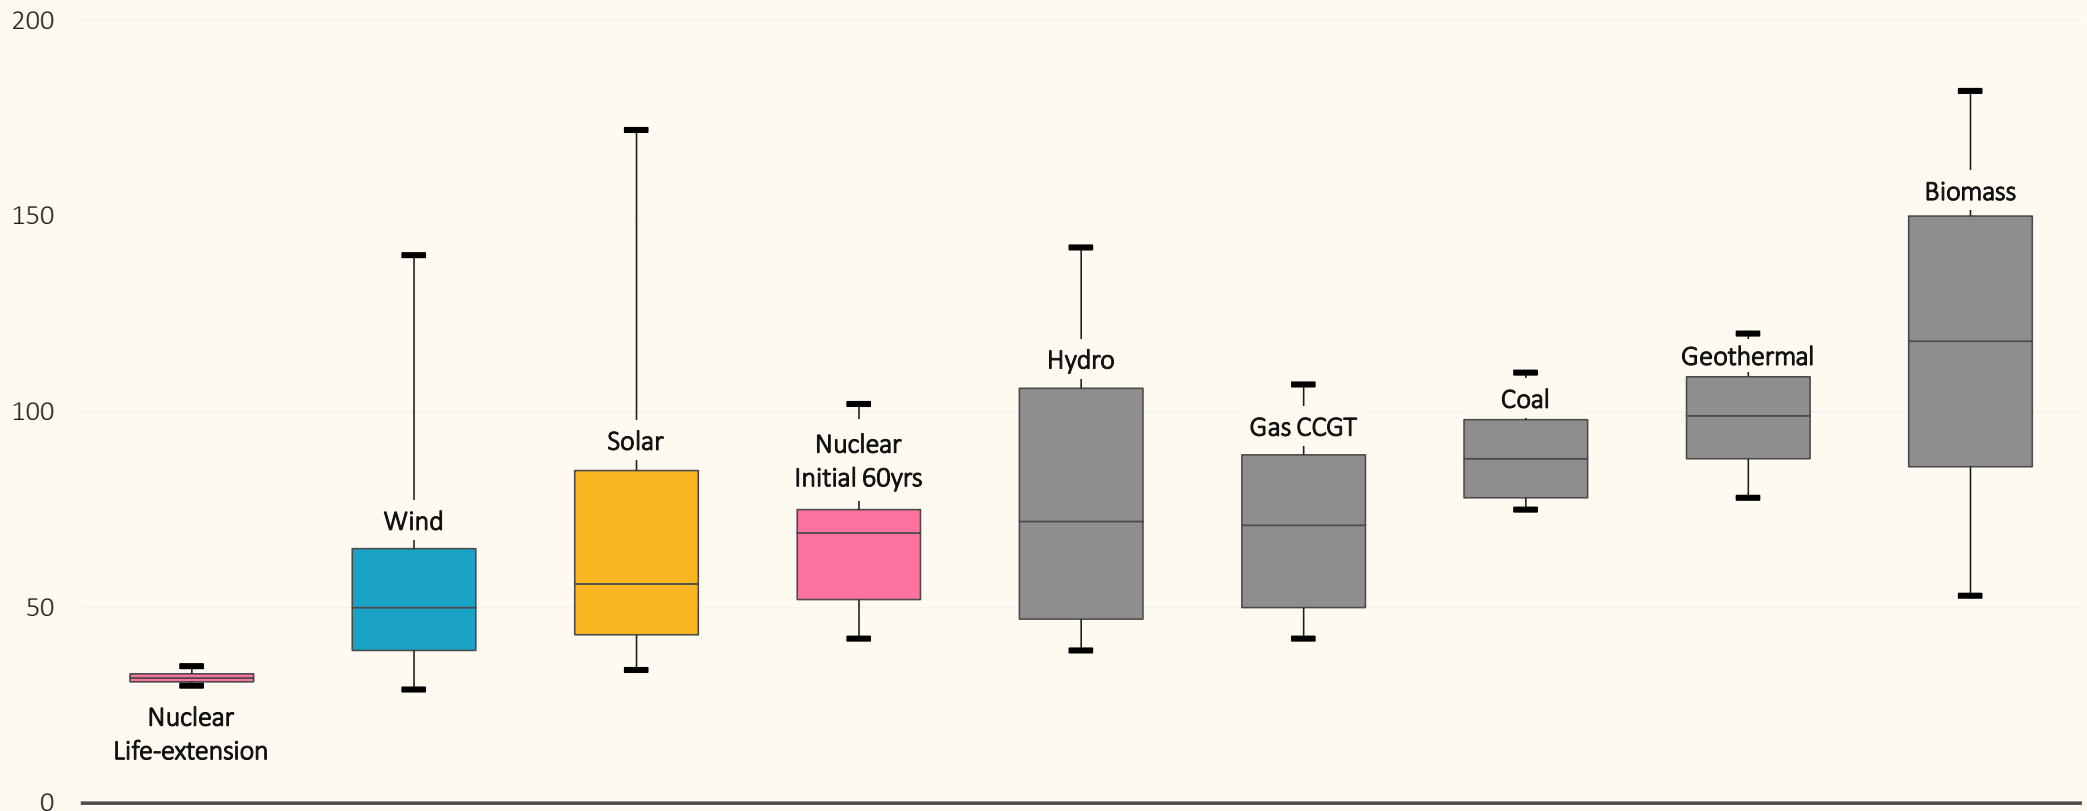

Household electricity price, 2024, €/MWh

Only EU countries with a cleaner electricity mix than Germany shown

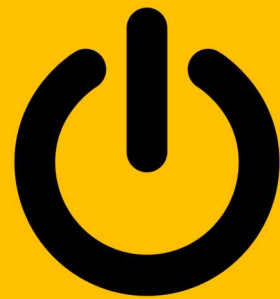

Restarted and life-extended nuclear is the lowest cost energy available

Levelised Cost of Electricity (LCOE) including CAPEX & OPEX, \$/MWh
